

QUOTE OF THE MONTH

"Intelligence is a gift. Understanding is a prize. Wisdom is a blessing. Enlightenment is your reward."

~ Matshona Dhliwayo

OUTDOOR GRILLING

The weather is just right for grilling, a few things to keep in mind:

- Grill position at Pacesetters is 10ft from the soffit hang over of the house. Grilling in the garage or on the porch with an overhanging roof is NOT permitted.
- All grills must have a fire proof pan that the grill sits on.
- Check propane tanks and lines for leaks.
- When using a wire brush to clean the grates. Be sure to wipe the grates off before applying food. Debris from the wire brush is left behind on the grates and will transfer to your food.
- Never leave your grill unattended (plan ahead as to what is needed)
- Use long handled grilling tools to give plenty of clearance from heat and flames.
- After grilling – turn the gas off at the tank. Do a safety check on the grill so that all fire is extinguished just to be sure.

WELCOME!!

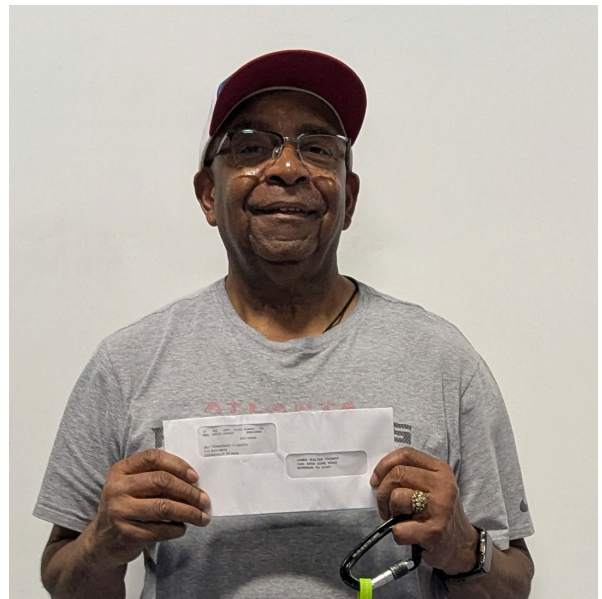

Meet and Welcome, Chris Breeding, the newest member of the maintenance crew. Chris joined our team in May so you'll see him out in our homes doing repairs and scheduled maintenance projects. Jim has been showing him around and introducing him. Jerry Carmack has known Chris for several years and everybody that knows him has had nothing but positive things to say. Chris likes to fish, ride motorcycles and plays bass guitar in a band. Chris has held several positions in commercial farming, along with several years at the CO-OP doing everything from working in the garage to driving a semi-truck hauling products and farm equipment. Chris has always operated heavy equipment. He has had his own handyman business for quite some time and very versatile with home repairs. Jerry knew with his back ground he would be an asset to the maintenance department.

CONGRATULATIONS!

Congratulations to Bessie Presley,
County Director for White/Warren/Dekalb
Counties on 25 years of service.

Congratulations to James Thomas,
DSP for White/Warren County Day
Program on 3 years of service.

2ND QUARTER 2025 PTO BUYOUT

To all Pacesetters Staff, this week only PTO Buyout may ONLY be requested in the 5/26/2025 – 6/08/25 pay period. Now hourly staff can request a buyout of accrued PTO hours at 100% value up to a maximum of 40 accrued hours to be paid out June 20, 2025. This will be used as the official accrual record. Be sure to review your time off balance prior to requesting any PTO buyout. PTO Buyout may ONLY be requested in the 5/26/2025 – 6/08/25 pay period
